

Dear Parents /Guardians

We have just received official written confirmation that our request to deviate from the Ministry of Education (MOPSE's) published school term calendar has not been granted. This is indeed unfortunate.

As such and as an ATS member, Goldridge Primary School will respect the MOPSE's directive and will adhere to the revised school calendar issued by the Ministry.

We are assured that ATS is continuing to engage with MOPSE to find a positive way forward for member schools, by whatever means. We ask you parents to be patient with us as we adjust to the situation and we will continue to give updates as the situation develops. We have the full interest of all our students, staff and parents at heart and will strive to do what is best for all concerned.

We shall communicate with you soon pertaining to the Easter break, revised school calendar programme and the fees.

Do feel free to contact the school for any further clarifications.

Yours sincerely

Mrs M. Bera
